H3004 Crème Brulee, H3008 Dawn Gray

MedinPure™ PVC-Free

Homogeneous Sheet

The Future, Today

MedinPure™ is a PVC-free alternative that integrates science, technology and design to advance quality of care in healing environments. Coordinating PVC-free weld rods offer a solution for aseptic areas demanding superior infection control.

Reconnect with Nature

Inspired by nature, the MedinPure color palette thoughtfully connects us with the natural world – bringing a sense of serenity indoors. Soothing neutrals and tranquil colors can be combined to assist in wayfinding and create calm, comfortable spaces designed to promote healing.

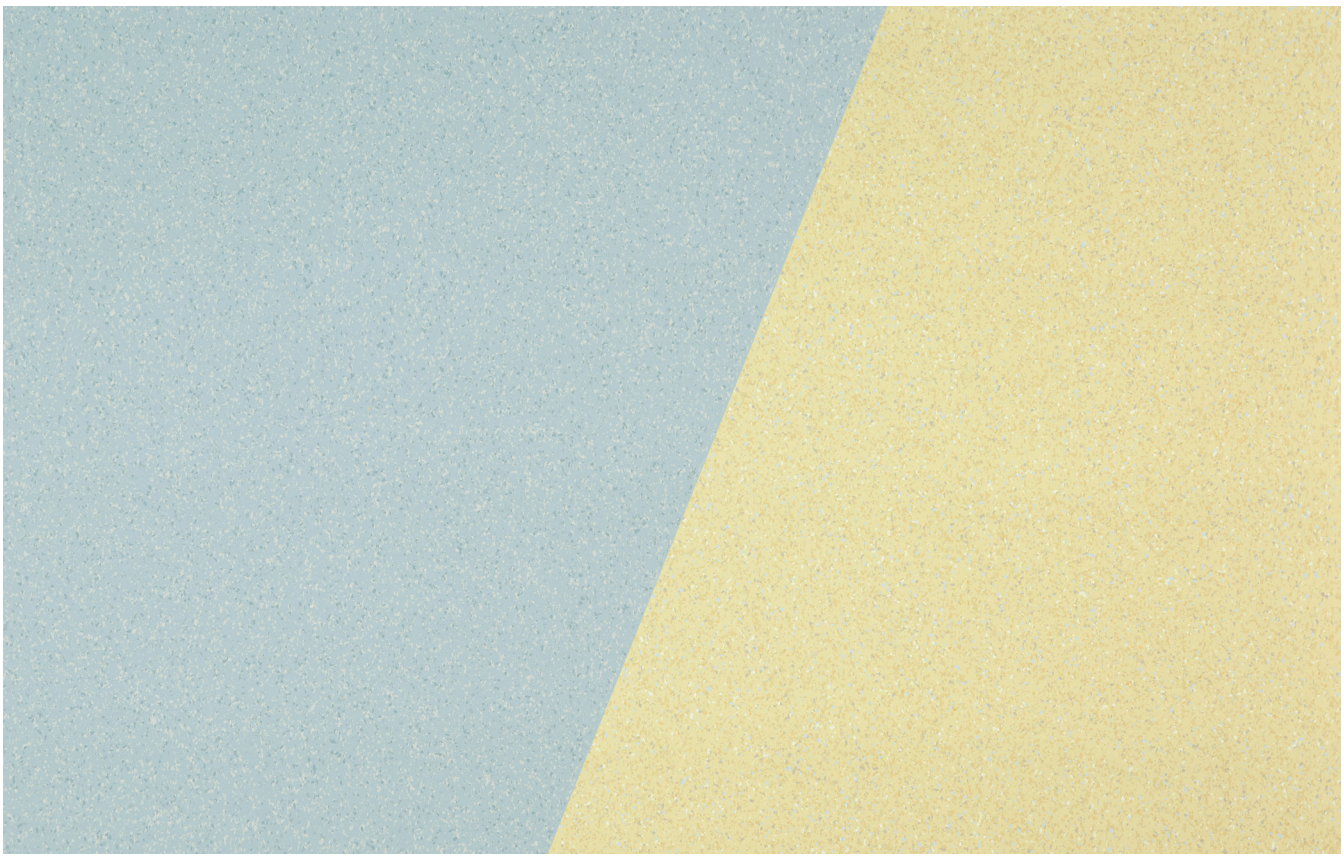
Building Better

We share your commitment to transparency and building a better environment together:

- PVC-free formulation with coordinating PVC-free weld rods for aseptic areas demanding superior infection control.
- Low VOC emissions and FloorScore® certified.
- Free of Plasticizers, Ortho-Phthalates, Halogens, Isocyanates and Red List Chemicals of Concern.
- LEED v4 contributing Health Product Declaration (HPD) and Environmental Product Declaration (EPD).



H3005 Hot Sand, H3019 Grotto

Superior infection control with heat welded seams for spaces demanding enhanced sterilization.

H3007 Cool Day, H3019 Grotto

Diamond 10® Technology

Diamond 10 Technology coating provides the ultimate scratch, stain, and scuff resistance. It's a no-polish, easy-to-clean solution that is designed to look beautiful for years to come, despite daily maintenance and rigorous disinfection protocols.

- Protects against scratches, stains, and scuffs for floors that look newer, longer.
- Offers ease of maintenance – no polishing, stripping, or restorative maintenance required.
